- Meeting is scheduled with Alex next Tuesday to review progress/milestones
- Responsibilities were already assigned before assignment 1 deadline
- Implementation for get directory finished, unit tests in progress
- Implementation for insert directory in progress

## TA feedback on postmortem document

- Looks good
- All goals were met, so we focused on why we got our success
- Also found points to improve anyway
- Agrees with points under "What could improve"
  - Weekly meetings were decided to be held once a week after lecture
